CONTENTS

1 Awards, Scholarships and Grants Awarded at the SICB Meeting in January 2012

The Impacts of Developmental Plasticity on Evolutionary Innovation and Diversification
Organized by Matthew A. Wund, Armin P. Moczek, Ian Dworkin, H. Frederik Nijhout and Cris C. Ledón-Rettig

5 Assessing the Impacts of Phenotypic Plasticity on Evolution
Matthew A. Wund

14 Relaxing Genetic Constraint is Ancestral to the Evolution of Phenotypic Plasticity
Aaron R. Leichty, David W. Pfennig, Corbin D. Jones and Karin S. Pfennig

31 Selective Processes in Development: Implications for the Costs and Benefits of Phenotypic Plasticity
Emilie C. Snell-Rood

43 Developmental Causes of Allometry: New Models and Implications for Phenotypic Plasticity and Evolution
H. Frederik Nijhout and Rebecca Z. German

53 Antipredator Behavior Promotes Diversification of Feeding Strategies
Cris C. Ledón-Rettig and David W. Pfennig

64 The Integrated Phenotype
Courtney J. Murren

77 Adaptive Transgenerational Plasticity in an Annual Plant: Grandparental and Parental Drought Stress Enhance Performance of Seedlings in Dry Soil
Jacob J. Herman, Sonia E. Sultan, Tim Horgan-Kobelski and Charlotte Riggs

89 Paratransgenesis: An Approach to Improve Colony Health and Molecular Insight in Honey Bees (Apis mellifera)?
Anjapar. Rangberg, Dzung B. Diep, Knut Rudi and Gro V. Amdam

100 Maternal Adjustment of the Sex Ratio in Broods of the Broad-Horned Flower Beetle, Gnorimus convexus
Tara Cruckshank and Michael J. Wade

108 The Nature of Nurture and the Future of Evodevo: Toward a Theory of Developmental Evolution
Armin P. Moczek

Poeiologony as a Window on Larval Evolution: Polymorphism of Developmental Mode within Marine Invertebrate Species
Organized by K. Emily Knott and Dominant McHugh

120 Introduction to Symposium: Poeiologony—A Window on Larval Evolutionary Transitions in Marine Invertebrates
K. Emily Knott and Dominant McHugh

128 Nontraditional Life-History Choices: What Can “Intermediates” Tell Us about Evolutionary Transitions between Modes of Invertebrate Development?
Rachel Collin

138 Poeiologony and Population Genetic Structure in Elysia pusilla (Heterobranchia: Sacoglossa), and Reproductive Data for Five Sacoglossans that Express Dimorphisms in Larval Development
Jann E. Vendetti, Cynthia D. Trowbridge and Patrick J. Krug

151 Nurse Eggs Form Through an Active Process of Apoptosis in the Spionid Polychaete Polydora cornuta (Annelida)
Glenys Gibson, Corban Hart, Claire Coulter and Haixin Xu

161 Seasonal Polyphenism in Larval Type: Rearing Environment Influences the Development Mode Expressed by Adults in the Sea Slug Aplidium solida
Patrick J. Krug, Dominique Gordon and Melissa R. Romero

173 Patterns of Nuclear Genetic Variation in the Poecilogenous Polychaete Streblospio benedicti
Matthew V. Rockman

181 Polymorphism in Developmental Mode and Its Effect on Population Genetic Structure of a Spionid Polychaete, Pygospio elegans
Jenni E. Kesäniemi, Elzemiek Geuverink and K. Emily Knott

197 Asymmetric Dispersal Can Maintain Larval Polymorphism: A Model Motivated by Streblospio benedicti
Christina Zakas and David W. Hall
